

PLAINFIELD ROAD Corridor Study

ImprovePlainfieldRoad.org

Project Overview

In accordance with Cook County's long-term goals outlined in Connecting Cook County, the Cook County Department of Transportation and Highways (DOTH) has initiated the Plainfield Road Phase I Study.

Plainfield Road is a two-lane roadway under the jurisdiction of Cook County DOTH, located in the southwest suburbs of Cook County. The study corridor is approximately 3.5 miles long, from County Line Road to East Avenue.

The objective of this Phase I study is to address existing roadway and drainage deficiencies, enhance pedestrian/bicycle accommodations, and improve safety and mobility for all users.

A strong public and stakeholder involvement effort will be conducted for the corridor study. The

Benefits:

Safety improvements for all users

Enhanced connectivity and accommodations for bicyclists and pedestrians

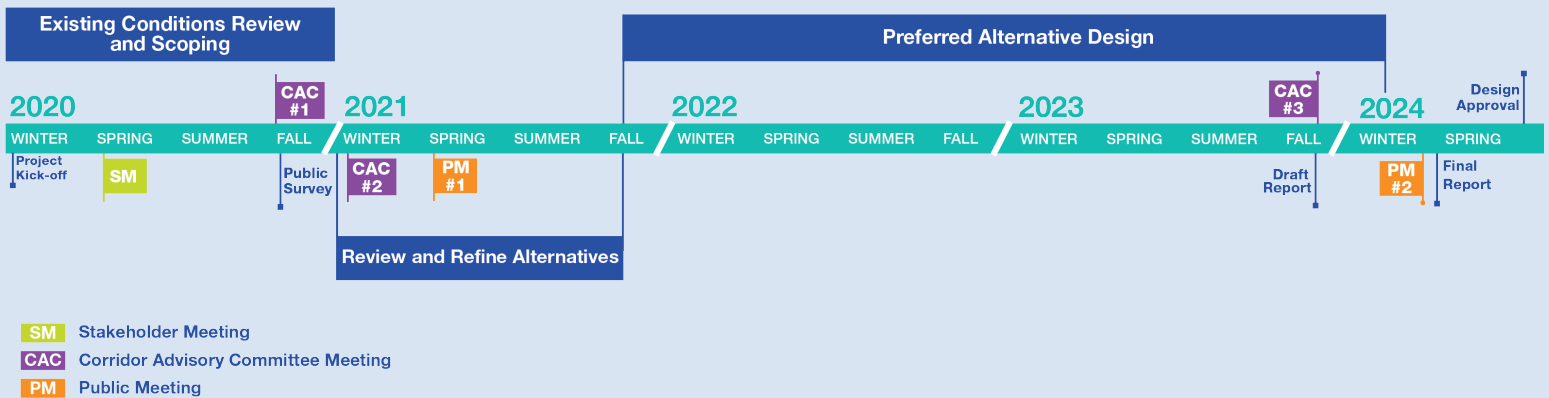

Reconstruct and update roadway and drainage infrastructure

Accommodate projected year 2050 travel demands

Plainfield Road Study will incorporate goals and priorities of key stakeholders, the general public, and will build upon existing plans and adjacent projects. The impacts that the proposed improvements will have on the community and environment will also be considered.
